A cross-sectional view of a device 18. The device has a rectangular body with hatched outer walls. Inside, there is a vertical rectangular component 18a on the left. A horizontal, curved component 18b is positioned below 18a. A vertical rectangular component 18c is located to the right of 18a. A small oval-shaped component 18e is mounted on the right wall of the device. A label 18d points to the right hatched wall of the device.
